

PERKINS

LOCAL SCHOOL DISTRICT

3714 Campbell St., Ste. B | Sandusky, OH 44870 | www.perkinsschools.org

This year, we have had nine reports of bullying at the buildings:

Perkins High School – two reports

Briar Middle School – one report

Meadowlawn Intermediate School – five reports

Furry Elementary School – one report

Every report is taken seriously and investigated diligently to determine the validity of the allegations. Steps may include:

- Meeting with parents, students involved, and staff
- Monitoring recent email/social media communication and computer usage
- Increasing supervision in common areas where the alleged actions were taking place
- Meeting with school counselor
- Following up with parents who were alleging possible bullying
- Creating a report that determined whether there was verified bullying
- Continued monitoring of each situation by setting goals and expectations for involved students
- Checking in on students regularly to ensure adherence to plans for modified behaviors

After fully investigating all nine reported allegations, one bullying report from Meadowlawn was verified.
